
Health Professionals Clause 11 - Show me the money!

The Clause 11 variation to the Health Professionals Enterprise Agreement was approved by the Fair Work Commission on 31 October 2014.

Health Professionals have been waiting 4 months for payment of elements including CPD cash, the new Grade 2 Year 5 increment and back pay to 19 March 2014; no, that's not a typo, back pay to almost a year ago!

Health Professionals call on the Hospital CEO and Board, as the people responsible for ensuring the hospital is compliant with this legally binding Agreement to get their act together and pay Health Professionals THEIR money now! Enough is enough.
